

Multidisciplinary Designer
& Front-End Developer

I am a designer, front-end developer and recent MA Design: Expanded Practice graduate of Goldsmiths, University of London. I am interested in speculative work related to the human, culture, and material. My current practice investigates social and sustainability issues by applying design research, design thinking and experimentation. With a broad skill set and multidisciplinary work experience, I am currently looking for opportunities in disciplines that bridge the gaps between art, design, social impact and sustainability.

Experience

Studio INI

Apr 2018 – Sep 2018 / London

Design Intern

Assisted the team with design and hands-on prototyping the installation for the Greek pavilion which was installed in the courtyard of Somerset House as centrepiece to the 2018 London Design Biennale.

Something & Son

Jun 2018 – Jul 2018 / London

Design Intern

Assisted with A Common Ground: a transformation of Tate Britain's front lawns into interactive gardens, addressing the modern epidemic of loneliness.

Longaccess

Sep 2013 – Aug 2015 / Athens

Lead User Interface Designer

Directed the company's overall design and worked closely with software engineers. Conceptualised and designed native apps for Mac OS and Windows, as well as web interfaces for three complex platforms: Longaccess, Deepfreeze.io and finally BigStash.

Involving all team members in the thought process, I always kept the optimal User Experience as a priority with a focus on Human Centred Design principles.

Freelance

2012 – Present / London & Athens

Multidisciplinary Designer

I have taken on various projects, mainly related to web design, front-end development but also video editing, photography, and graphic design.

Hellenic Army

Jan 2016 – Oct 2016 / Athens

Compulsory for Greek male citizens.

Education

Goldsmiths, University of London

Oct 2017 – Dec 2018 / London

MA Design: Expanded Practice

Studio: Spaces & Participation

University of Westminster

Oct 2012 – Sep 2013 / London

MSc Logistics & Supply Chain Management

University of Essex

Oct 2009 – Jun 2012 / Colchester

BSc Business Management

Skills

Adobe Illustrator, Photoshop, InDesign & Premiere. Final Cut Pro, Sketch, MS Office. Looking to learn CAD software—beginner in Fusion 360. HTML, CSS, basic JavaScript, PHP.

Native Greek, English bilingual proficiency, beginner in Spanish & French.

Shows

Iterations, MA Design Graduation Show
Dec 2018 / Goldsmiths, University of London

Greek Pavilion (intern), London Design Biennale
Sep 2018 / Somerset House, London

Musée des Refusés, MA Design Show
Dec 2017 / Goldsmiths, University of London
